ICE FOLLIES HELD OVER BY ACCLAIM

To Present Another Big Matinee Saturday, August 12

Still in a record-shattering run, the dazzling Ice Follies will complete its twelfth week at Winterland, San Francisco, tomorrow and prepares for several additional weeks of showing.

More than 200,000 persons have already seen the glittering revue in its local appearance.

Extension of the run here was accompanied by announcement of another matinee, to be held Saturday, August 12, commencing at 2:30 p. m. Plans for the daytime show were completed after hundreds of requests poured in following a matinee two weeks ago.

Those planning to attend the matinee were urged today to make their reservations early because of sell-out ticket records at other performances.

The entire action of the Ice Follies takes place upon a beautifully-painted ice rink, with all performers on skates. Motion, rhythm, speed and charm have been combined in a lavish display founded upon the talent and ability of sixty champion skaters.

Among those appearing in the spectacular Ice Follies are Roy Shipstad, American professional champion; Bess Erhardt, "America's Sweetheart of the Ice;" Eddie Shipstad and Oscar Johnson, the peerless comedy and character pair; Papez and Zwack, gliding artists from Vienna; Les Hamilton, satirist on ice; Harris Legg, Canadian star whose leap through a circle of fire is a sensation; Evelyn Chandler, national champion and "Queen of the Ice;" Osborne Colson, Ruby and Bobby Maxson, Valerie and Le Verne, the McKellan boys and others. Group numbers are staged by twenty-four girls, claimed to be the world's best-drilled ballet on ice.

Ticket arrangements for the Saturday matinee and for other performances of the Ice Follies may be made at Winterland or by telephoning WAlnut 0112. A special price range has been set for the matinee, it was announced.

Varied Program For Fair-Goers

Exposition visitors during the week of August 5 to 11, inclusive, will be provided with a spectacular and varied program of entertainment that will include Edgar Bergen and Charlie McCarthy, the new and original Folies Bergere direct from Paris, and special programs celebrating Nevada, Sweden, Marvelous Marin, Matson, Bolivia, Poland and Ecuador Days, Market Week and scores of other special events.

Ted Lewis and his band will play for dances in the Music Hall Saturday, Sunday and Monday.

Edgar Bergen and his famous pair, Charlie McCarthy and Mortimer Snerd, will appear in the Treasure Island Music Hall in special performances next Monday and Tuesday as one of the series of top-flight shows planned for this colorful new palace of entertainment.

With a huge cast of talented artists, including 50 beautiful girls, the original Folies Bergere, imported direct from Paris, will hold the boards at the California auditorium, playing three shows daily.

Daly City Joins In Celebration Of California Recreation Week

Shown at the left is a recent WPA Recreation sewing display here, featuring outstanding work of local children and adults.

Since its inauguration here December 27, 1937, as part of the Works Progress Administration, the Daly City Recreation department has promoted the growth of civic parks, organized leisure-time activities and supervised juvenile playgrounds. It has carried on such diverse activities as handicrafts, athletics, musical instruction and Easter Egg hunts.

More than 3,000 persons are actually enrolled at the present time, about one-fourth of them adults. Present Recreation director is Enid F. Tandy. Cooperating with the department is the city government, with A. J. Bodien as the co-sponsor's agent. The local Recreation committee appointed by the city council is headed by James Ferguson.

Blue-Ribbon Peke Smallest on Coast

Shown below is Porky, beguiling toy dog who claims the distinction of being the smallest Pekinese on the entire Pacific coast.

Porky's real name is Pao-Tze-Tai-On, and she is the pet of Mr. and Mrs. LeRoy Davis, 1290 Citrus avenue. Porky tips the scales at slightly under four pounds, as compared with the average weight of eight pounds for Pekinese, with some of them running as high as seventeen pounds.

"Porky"—Notice size as compared to quart milk bottle.

An entrancing bit of red-brown fluff, with lively antics, a toy bark and big black eyes, Porky is almost small enough to hold in the palm of one's hand. She has won many blue ribbons both here and elsewhere. Her latest triumph was at the Dog Show at Treasure Island, July 15-16, where she was awarded first prize in her class. More than 1500 dogs were entered, from New York to Hollywood.

Porky's next appearance will be at Del Monte this Saturday, where she will compete with other pure-bred dogs.

Relief Study Makes Report

San Mateo county had a total welfare case load of 1,476 in May, 1939, according to a study of relief in California counties, recently completed by California Taxpayers' association. The county's welfare load was made up of 923 aged, 272 children cases, 22 blind, and 259 indigent cases. There were 290 cases receiving S. R. A. aid in the county in April, 1939, the latest month for which statistics were available, the association found.

Expenditures for charities and corrections, under which the county's welfare case load payments fall, amounted to 40 per cent of San Mateo county's expenditures for 1937-38, the association stated.

D. C. Bonded Debt Ranks Tenth Lowest

With a bonded debt of only $1.98 per capita at the close of the fiscal year 1938, the city of Daly City ranked among the ten lowest of 247 cities in California owing bonded indebtedness to the state, according to a study recently made public by the California Taxpayers' association.

In contrast to Daly City's $1.98, there were eight cities with a bonded indebtedness of over $100 per capita, the association stated.

Total bonded indebtedness of Daly City was $18,000, the association found, with payments by the city for debt service during the year amounting to $9,038.

Judge W. H. Clay Presents Placque

Judge Wade H. Clay was invited to present a placque to the drum corps of the South San Francisco Boy Scouts Thursday evening at the State theatre in South San Francisco. The boys were awarded the placque at Treasure Island the Fourth of July when they were declared winners of first place in the competition.

A silver loving cup was also presented by the Veterans' organization. A large and enthusiastic audience was present to applaud both presentations and see the picture, "Young Mr. Lincoln."

Mayor Addresses Local Boys' Club

Mayor Paul G. Selmi addressed the newly-formed Boys' club at its regular meeting Wednesday night at the Jefferson Union high school. On behalf of the city council of Daly City, he assured the boys of the friendly cooperation of the city government in their activities.

The Boys' club was organized early last month by the Recreation department of the WPA.

Voted into the club Wednesday night were several new members, including Richard Selmi, Joe Silicani, Bob Silicani, Lloyd Rentsch, Ray Ming, Hal Parker, Jack Parker, Bruce Davis, Terlio Picchi, Ernest Giomi, Howard Lucas, Roy Guisti, Dick Schultz, Jack Rainey, Don Hertz and Gene Conner.

Sell Flowers To Help Blind

The American Brotherhood for the Blind will sponsor a flower sale Saturday on the streets of Daly City in support of its free services to the blind men and women of California.

The local committee in charge of the movement includes Mrs. I. T. Budaeff, chairman; Reverend Albert A. Mitchell, Reverend N. M. Lewis, Reverend Father James Bergin, Mrs. Stella Jensen, Mrs. Jean O'Rourk, Mrs. F. Foreman, and Mrs. C. J. Pauw. Headquarters will be at the office of Dr. Ivan T. Budaeff, 6322 Mission street.

During the past year, the American Brotherhood, a national organization, has extended its free services directly to thousands of blind persons. It publishes the "All Story Braille Magazine," only all-fiction periodical in America for the adult blind. Nearly 18,000 copies were given out last year.

In addition to Braille books and magazines, the institution provides many free personal services, such as the distribution of more than 1800 white canes last year, and the maintenance of a staff of field workers. All of the activities of the organization are supported by voluntary contributions.

Bert Lasswell Sails to Honolulu

With the yachts that raced across the tossing waters of the Pacific to Honolulu recently was the Lana Loa, owned and sailed by Bert J. Lasswell, 6160 Mission street.

Manned by Lasswell and a crew of four, the 36-foot craft reached Honolulu at 10:25 a. m., July 24, according to a cablegram and letter received last week by his family.

Docking at Honolulu, Lasswell was surprised to see two Daly City acquaintances, the daughters of Mr. and Mrs. H. H. Smith, 52 Los Olivos avenue.

Lasswell reported a splendid crossing in the Lana Loa (Forever Floating). At present he is enjoying the sunshine of Hawaii, with the date of his return remaining indefinite.

ENGINEER REPORTS NEW BUILDING

Planning Committee Considers Several Permits

Possibility of two big new apartment houses in Daly City and possible construction of a $10,000 combination auto show rooms, garage and service station on Mission street were reported this week by Julius F. Castelan, city engineer, as building continues to boom here.

Two applications already have been received for the construction of garages and service stations, a Richfield station at Gambetta and Mission, and a gas station at Como and Mission. The latter has been referred to the planning committee of the city council, composed of Jack Fahey, Julius Twesten, and Henry Sundermann.

Also referred to the planning committee is a gas-piping code. The committee is taking under advisement a new plumbing code.

After considerable negotiation with the P. G. & E. company, Castelan announced that as a courtesy to the city, the company will extend its line without charge to the site of the new dog pound soon to be erected below Reservoir No. 3, an extension of 700 feet.

An application to the State Highway department for appropriations to keep Mission street clean is being considered, according to Castelan. If granted, the application will save the city a round sum of $2500 per year.

Already tentative approval has been made to obtain $3,000 out of the gasoline fund for repairs on Brunswick street, and $2,000 from the gasoline tax to repair the cracks in major streets here. The applications were formally presented last week.

Acknowledgement has been received by the Southern Pacific that they are taking the city's application for a grade crossing at Knowles avenue under consideration. If completed, the crossing will give a through route from Mission street to Junipero Serra boulevard.

Per Capita Taxes Disclosed in Report

Tax levies by the governmental units in San Mateo county totalled $4,068,967 for the year 1938-39, an average of $42.83 for each man, woman, and child in the county, according to a study of tax levies in California counties, recently completed by California Taxpayers' association.

Included in the $4,068,967 taxes levied were $1,086,344 for general county purposes, $105,498 for county bonds, $1,405,289 for school purposes, $305,516 for school bonds, $181, 923 in special district taxes, and $984,397 in city taxes, the association stated.

The county ranked twelfth from the highest in amount of taxes levied per capita by counties.

Auto Dealers Report Car Sales For July Good

Congratulations are in order for many new car buyers of the past week, as Daly City auto dealers report good sales for the month of July. Usually a quiet month in the automotive field, July brought no let up in total sales this year, as far as local activity was concerned, with the six local agencies well satisfied with July quotas.

The Mission Auto company, Chrysler and Plymouth agency, 6465 Mission street, extends congratulations to new car buyers through A. L. Timossi, general manager.

"See the Chrysler exhibit at the Fair and watch the new 'fluid-drive' demonstration," Timossi advises all prospective car buyers.

Odd Book Operations

Some unusual operations are performed on ancient books and manuscripts in a special laboratory at Moscow. Two thousand Chinese scrolls taken there for treatment were moldy and partly stuck together, and of fragile paper. An electrical table was made for them, and by charging them to a high potential with static electricity they were opened up successfully.

A "Stay-at-Home" camp for Peninsula boys who were unable to attend a regular camp during the summer is being planned by the Peninsula branch of the Y. M. C. A. according to T. W. Badley, executive secretary. It will be a day camp open to any boy who wishes to participate. Citizenship training will be stressed as well as providing a well-rounded program of camp activities. Plans are under way to secure the use of "Coyote Point."

With the return Monday of 26 San Mateo county boys from Camp McCoy in the High Sierras the summer schedule of the "Y" activities reached its mid-point. In attendance and achievement, the summer's camp program has exceeded that of any year in the 14 years since the organization of the Peninsula branch.

DURING PAST TWELVE MONTHS

Prosperous business conditions, community attractions, availability of FHA loans, San Francisco Peninsula Inc. advertising, and scores of other advantageous features have brought Daly City nearly a half million dollars in residential construction during the past twelve months, according to reports released from City Engineer Julius Castelan's office today.

Nearly one hundred new homes have been constructed here during the past year adding an increase of six per cent to the assessed valuation of property improvements. It is estimated that during this period Daly City's population has increased by three to four hundred persons and that annual purchasing power has shot upwards by a quarter of a million dollars.

Repairing and remodeling work here has shown strong improvement with more than 50 major jobs completed since July, 1938.

In addition to residential construction, six apartment houses, five store buildings, two civic structures, and one industrial plant have gone up here during the period covered in Engineer Castelan's reports.

The new city hall, $61,800 job, tops the construction list. Golden Gate Atlas Building Materials plant, Junipero Serra boulevard, places second at $20,000. Several home construction companies have built series of units in excess of $50,000.

A new post office was built and dedicated last fall at 6251 Mission street. Daly City's new library, 6351 Mission street, was completed less than eighteen months ago. Approximately $100,000 has been spent for street, park, and other improvements since January 1, 1938. Only a little more than a year ago the new $150,000 gymnasium and swimming pool was completed at Jefferson Union high school.

Daly City Is Building Well!

Paul G. Selmi

"Daly City is building rapidly and building well," was Mayor Selmi's nutshell summary today of home construction here. "The city administration will continue its policies of encouraging and fostering steady and orderly growth and expansion of this community."

ADVANTAGES DRAW MANY TO DALY CITY

Daly City's amazing growth within the last few years and her present rapid rate of expansion cannot be considered a temporary building boom. For unlike Topsy, Daly City has not "just growed." Residential advantages here have brought an influx of people to Daly City to enjoy the peace and friendliness of a suburban community and yet remain closer to metropolitan San Francisco than in any other commuting area.

Tax rates and living expenses are lower—in fact it costs less to live in Daly City than in the majority of cities throughout California. Daly City enjoys the lowest per capita cost of government of any city of its size in the State.

Daly City streets are safe. An efficient police department provides excellent traffic control. Crime is almost unknown. Fire protection is more sure than in metropolitan San Francisco, at only a fraction the cost to the taxpayer.

Water rates are low, with a monthly minimum of one dollar. The water has been shown in state laboratories to be 100 per cent pure. Free garbage disposal is provided in all districts.

An excellent library, modern schools, and more than fifty social organizations are other advantages residents enjoy. Ample recreational facilities are available, with spacious city parks, supervised playgrounds, and the athletic plant at the Jefferson Union high school. Lighted horseshoe courts, riding stables, the large football and baseball fields now being completed at Vista Grande park through the WPA add to social life here.

More than 250 business establishments make up the business district of Daly City. City prices are featured, which means a saving of time and money for the customer.

Thorne Rooms Praised By Stars

Broadway and Hollywood stars voted the Thorne Miniature Rooms as the most interesting exhibit in the Fine and Decorative Arts building, on Treasure Island.

Helen Hayes, Herbert Marshall, Chester Morris, Douglas Fairbanks jr., Martha Raye, Tony Martin, John Barton, Allan Dinehart and Moselle Briton—all declared the lilliputian furniture exhibit as "tops".

The Miniature Rooms, assembled by Mrs. James Ward Thorne of Chicago, are in the Decorative Arts Section, of the $40,000,000 International Art Show, of the 1939 Golden Gate International Exposition.

They trace the development of interior decoration in England and France from the fourteenth century up to the present time, through a series of rooms scaled at one inch to twelve inches.

Wide experience with the theatre added to the appreciation of Helen Hayes, who attended the exhibit with her producer, Gilbert Miller.

"They are like a stage setting," she said. "The remarkable fidelity is unique. I have never seen anything like them in my whole life."

Herbert Marshall and Douglas Fairbanks jr. were enthusiastic about the replicas of the rooms in English History.

"I shouldn't be surprised to see King Charles or Henry the Eighth, come strutting in through the doors," Marshall said.

Scout Troop 101 Balances Budget

With an expenditure of $163.42 as against receipts of $163.45 for the six months between February 1 and July 1, 1939, members of Boy Scout Troop No. 101 are learning the principles of a planned economy early in life.

The semi-annual financial report for Boy Scout Troop No. 101, submitted this week by Frank Coughlin, scoutmaster, shows a balanced budget, with income accruing mostly from dues and benefit whists, and expenditures covering such diverse items as handbooks, baseball equipment, teepee material, flags and various camp expenditures.

Not only does the budget balance, according to troop officials, but the money spent has been well-repaid by increased citizenship, training and happiness of the troop.

Night Owls Dance In Colma August 19

Less than three weeks away is August 19, the date set by the Night Owls for their big dance at Lovchen Gardens in Colma. Already the Indians of Rhythm are tuning up their fiddles and young folks making their dates for the big occasion.

Dante P. Lembi, leader of the Jeff Hi swingsters, will be there in person, directing the nine-piece swing band and blowing an instrument himself. Music for this and subsequent dances of the Night Owls will be furnished by the famous high school orchestra.

The Night Owls club, an organization made up of young, unmarried (but eligible) males from South San Francisco and Colma, plan to hold dances twice a month. The committee in charge of the opening dance includes Gus Pedemonte, Frank Lucchessi, Angelo Lucchessi, David Franzoia and Al Cassentini.

The Night Owls club extends a cordial invitation to the general public, young and old, to dance with them August 19.

Republican Group Organizes

Glen Baker, San Bruno, was elected president of the San Mateo County Republican assembly at an organization meeting held Thursday evening at Ric's Place, San Pedro road. E. K. Howe, Hillsborough, was elected secretary-treasurer.

Organized by a group of local and county Republican party leaders, the San Mateo County Republican assembly was launched Thursday evening on a program of constructive ideals. Dinner meeting dates for the last Thursday each month were planned for each section of the county.

The president was authorized to appoint an executive committee consisting of one representative from each incorporated city in the county and five representatives at large from the unincorporated area. Approximately one-third of the committee members will be active party women.

Next meeting to be held either in Burlingame or San Mateo will be attended by State Republican Assembly President Worth Brown and by Fred Wool, regional director of the assembly. United States Assemblyman Jack Anderson and other Republican notables will be invited to attend the meeting.

Reno Wedding For Local Boy

Clarence Anderson, son of Mr. and Mrs. Carl Anderson, Bellevue avenue, and Miss Margaret Cockreill, San Francisco, were married Sunday, July 23, at Reno, Nevada.

They returned to Daly City Saturday after a honeymoon at Lake Tahoe and Yosemite valley. For the present they will make their home with Mr. Anderson's parents.

English Actor

Born in Dorchester, Maurice Evans made his stage debut at the age of seven with the Wessex players, an amateur group. As a youth he worked for a music publishing firm but was constantly engaged in dramatics. While playing in "St. Francis of Assisi" he attracted the attention of the manager of the Festival theater at Cambridge, who engaged him for his reportory company. In 1934 he played at the Old Vic and his performance of "Hamlet" led Guthrie McClintic to bring him to the United States to appear with Katharine Cornell in "Romeo and Juliet." His first starring role on Broadway was in "St. Helena."

The personnel in the Ecuador Pavilion at the New York World's Fair have been mulling for days now on a new name for a Panama hat. They couldn't get anywhere with "panquador" or "equama."

Major exhibitors at the New York World's Fair are reporting attendances at their free attractions up to one-third of the total admissions to the grounds.

Helen Johnson of the Time and Space building at the New York World's Fair enjoys the distinction of being the only woman barker at the Fair. She does her vocal stint in a "space suit."

Vikings Avenge Recent Defeat

Daly City Vikings avenged their defeat at South San Francisco at the hands of the Irish Town Yankees recently when they defeated the Irish team last week in a 10 to 6 win at the Jefferson Union high school.

Lineup of the winning team was Don Knudsen, Bob Nova, Bob Varin, Doc Arrighi, Bill Freeman, Dick Ruppert, Fred Tuvo, K. Eldridge and Lou Nova.

Deer Season Now Open

Deer hunting season is here again. Almost before nimrods have shaken the kinks out of their legs from last year's hunting efforts, they find themselves looking forward to the mid-summer seasons which opened yesterday, or August 10 in most central and southern coast counties.

More than ever this year, foresters are stressing the obligation of hunters in preventing forest and brush fires. Such precaution has become necessary due to the unusually high fire danger in most forested and brush covered sections soon to be opened.

A comparison of deer statistics from two adjoining national forest areas, in different open season districts, showed that groups of deer taken in the fall season had hard antlers, a normal blue pelage and weighed in at 9 to 13 pounds more than groups of deer with similar measurements taken from earlier season districts when the animals were still in velvet and had their red summer pelage.

S. S. F. Defeats Memorial Park

The playoff between the Park team and the South San Francisco steel workers was scheduled for this week.

Fiesta Plans Archery Contest

A deluge of requests for information on the archery contest that is to be a feature of the San Mateo County Fiesta this year indicated today that an event which had been planned as a minor feature of the colorful celebration is skyrocketing into a major attraction.

The requests have come from archery fans all over Northern California, according to Chester Lipman, secretary-manager of the County Fair association, and show that novice, professional and exhibition bowmen are interested in competition.

The interest shown has resulted in arrangements to conduct an accredited archery tournament under national association regulations. J. P. Cuneo, past president of the national archery association, will act in an advisory capacity. Howard Hill of Hollywood, archery expert featured in "Robin Hood," has been invited to sign a contract to appear at the September 21 to 24 Fiesta at Bay Meadows race track in San Mateo.

"ROSE OF WASHINGTON SQUARE" IS GLORIOUS SONG-FILLED DRAMA

Power, Alice Faye, Jolson Star in Smash Hit

A glorious evening's entertainment awaits the public at the Daly City theatre in "Rose of Washington Square," which opens tomorrow.

Tyrone Power and Alice Faye, the romantic stars of Irving Berlin's "Alexander's Ragtime Band," are co-starred with Al Jolson, singing again in his inimitable way his memory-laden song hits of yesterday.

The story of a woman who loved her man and kept on loving him although he tricked her and hurt her and brought heart-break upon them both is thrillingly told in the milestones of melody of the last two decades.

"Rose of Washington Square" opens at the close of the World War with Jolson as Ted Cotter, a singing candy butcher in a Fourteenth street burlesque theatre, who has big-time ideas. He loves Rose Sargent (Alice Faye) and dreams of taking her with him up the ladder to fame. But Rose falls for Bart Clinton, a charming but wayward fellow, played by Tyrone Power.

Companion Feature

A timely expose of a national scandal syndicate, "Whispering Enemies" also opens tomorrow at the Daly City theatre with Jack Holt starred. Said to be top-flight entertainment and a highlight in Holt's long succession of screen hits, the new film is set in a teeming metropolis, with the star presented as an aggressive manufacturer suddenly ruined when a competing company initiates a whispering campaign against his products.

Tyrone Power, Alice Faye and Al Jolson are starred in "Rose of Washington Square," opening tomorrow at the Daly City Theatre.

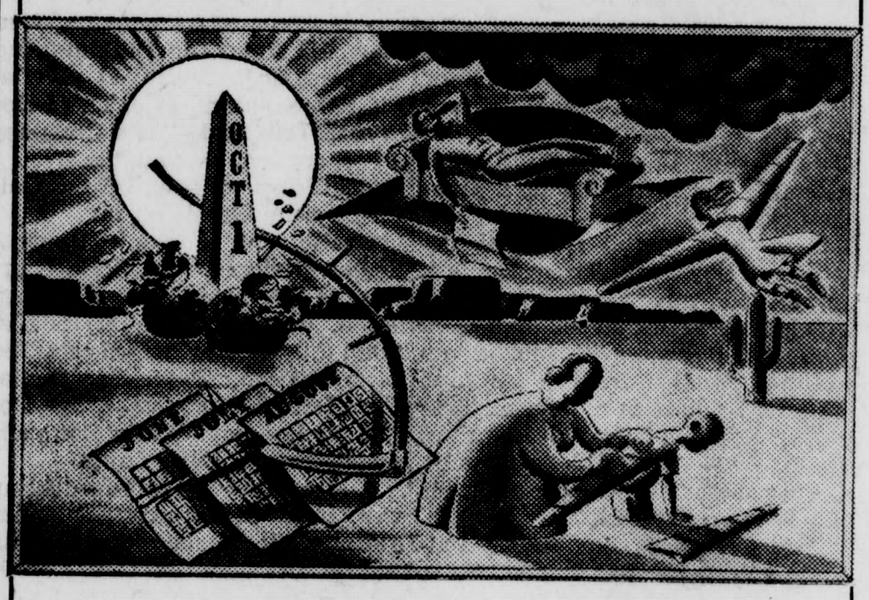
A surrealist artist presents his impressions for a GAS HEATING advertisement



IN GENERAL the setting is on the desert to connote the purity and cleanliness of heat such as we who live within four walls enjoy from modern gas heating equipment. Storm clouds in the distance signify the threat of winter which can never disturb the carefree detachment of the characters depicted in the foreground.

A summer sun, the surrealist explains, represents the Summer Discount on Gas Heating Equipment for those who buy now. The milepost lettered OCT. 1 means monthly payments are put off into the distant future, while the bursting money bags represent the 10% Saving.

A scythe cutting up calendar pages denotes the passing of summer. June is slashed away. July is likewise slashed in twain. Only August remains unscathed. It is the final month of the Summer Discount on Gas Heating Equipment.

Though the clouds of winter swirl on the horizon, a mother fits wings to her little boy. A girl child flies carefree in the sky. This scene indicates that once gas heating is installed, a family may feel free as birds with worries of winter heating gone forever.

The man on the magic carpet signifies that here is a soul made free of earthly problems—released from the task of tending a household fire.

Now to return to reality, the message is this: This is the last month of the Summer Discount on Gas Heating Equipment. Buy Now. Save 10%. Monthly payments do not start until October 1.
